District 16C Archives Chair: Evan O

A History of Alcoholics Anonymous in Gwinnett County

Please join us for an informative afternoon of AA history from Old Timers in Gwinnett County.

The district 16C archives committee would like to invite everyone to our workshop on the role of the archivist in AA. We will explore the need for AA archives, common conceptions and misconception about recording the history of AA, and how you can help!

Food will be provided and we hope to see you there!!

Consistent with AA's primary purpose, AA Archivists and Archives Committee Members try to help the still suffering alcoholic by preserving the integrity of both the AA message and the history of the Fellowship for current and future members.
